

PORTA

- 1 Back to Wall
- 2 Left Hand
- 3 Right Hand

FEATURES

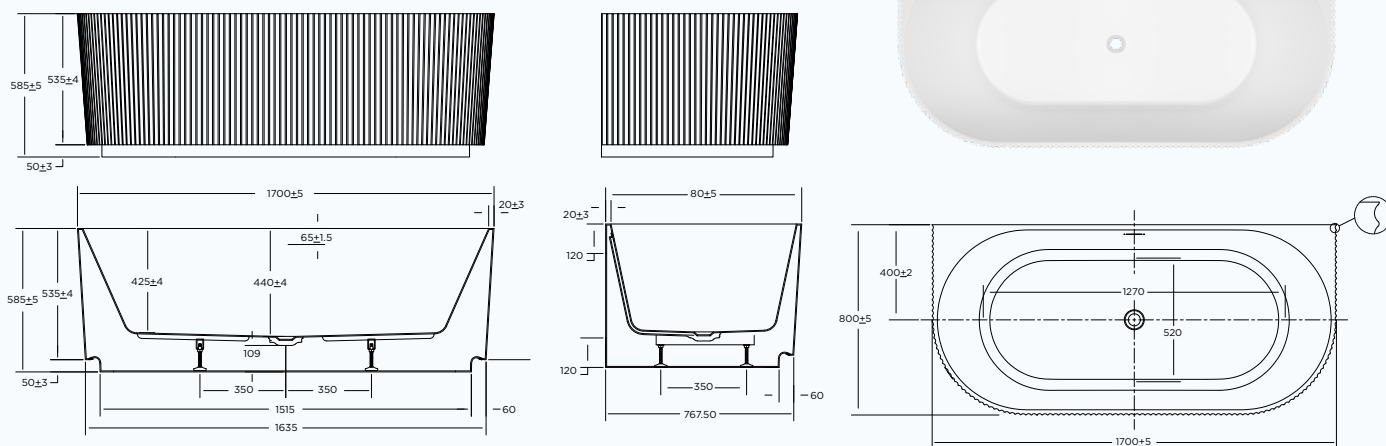

- **Tested & Conforms to AS1172.5 Standards**
Meets Australian quality and performance benchmarks
- **Lucite Sanitary-Grade Acrylic (Crosslinked Structure)**
Exceptional strength & durability
High-gloss finish that resists yellowing, stains & scratches
- **Integrated Overflow with Approved Flow Rate**
Built-in overflow prevents overfilling
Ensures efficient and compliant drainage.
- **UV-Resistant Surface**
Maintains its brilliance and colour even under prolonged light exposure
- **Thermal Shock Resistant**
Withstands sudden temperature changes without warping or cracking
- **Antibacterial Properties**
Hygienic surface inhibits bacterial growth
- **Heavy-Duty Galvanised Steel Frame**
Provides maximum support & long-term structural stability
- **18mm Base Board with Timber Strengthened Sides**
Reinforced construction ensures extra base strength and durability.
- **OCG25-70WH (Gloss) OR OCG25-70MW (Matt)**
Pop up/pull out white waste outlet included
